

Ntandoyenkosi Mlangeni

Ndebele Tutor

I am a qualified teacher in Bulawayo Zimbabwe. I am a proud Ndebele originally from Lower Gwelo and hold a BEd English from Solusi University and a diploma in education from the United College of Education. I am an infant specialist and have been in the teaching profession for the past 15 years.

I like taking challenges and venturing into new experiences and opportunities. My passion is in knowledge transfer, helping young people to master Ndebele language and culture through the use of relevant teaching methods such as the use of music and dances which help them to grasp the concepts easily and also in helping them become disciplined and responsible individuals. I also have great passion for choral music as well.
