

Milidzane

Kalanga Tutor

Primary school teacher From Makumbi in Plumtree. A holder of Diploma in Education. With expertise in teaching of language and I have been taking bilingual classes for the past 7 years. I believe in the teaching of indigenous language as it enriches the spirit and it shows diversity between languages and their importance, promoting respect.

I am passionate about teaching and learning different languages because multilingualism expands the mind and widens worldview. I view language as a part of culture and these two are interwoven. Language plays a pivotal role in the transmission of culture.
