

Tata Andson

Tonga Tutor

I am totemically munako Chileya, a proud Zimbabwean Tonga of the Chinamweemba dilect under the jurisdiction of Chief Sinakooma. I am a self-driven individual with more than 15 years' experience in teaching. I have a Diploma in Education (general) and a Diploma in Education: (Special Needs Education) both obtained from United College of Education an associate of the University of Zimbabwe. I have a strong passion for education and seeing ALL children attain an (inclusive) education. As a result, I have been offering free lessons to children in my community who have been unable to access online learning platforms. With the advent of COVID 19 and the restrictions that were introduced to curb the spread, I started offering online lessons on WhatsApp. I am also an author, recently produced a Tonga New Curriculum Grade 7 Revision Book published by Secondary Book Press now in circulation in all primary schools in Binga.
